-- The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Specification

1. The disclosure is objected to because of the following informalities:

Exemplary of such:

Page 6, line 11, 'the partition' should be replaced with 'a partition';

Line 12, 'the direction' should be replaced with 'a direction';

Line 13, 'the opening' should be replaced with 'an opening'.

Appropriate correction is required.

Claim Rejections - 35 USC § 112

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 1-18 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Exemplary of such:

Claim 1, lines 5 and 7, 'vacuum cleaning tool' should be replaced with the appropriate element that is said to comprise it; the housing?

Claims 10-11 and 13-18, line 1, 'device' should be replaced with 'tool'.

Allowable Subject Matter

4. Claim 1 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
5. Claims 2-18 would be allowable if rewritten to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action and to include all of the limitations of the base claim and any intervening claims.
6. The following is a statement of reasons for the indication of allowable subject matter: the prior art discloses a vacuum cleaning tool with a housing having a turbine chamber with an air turbine arranged therein and a working chamber with a cleaning rotatably supported therein, the housing having a bottom plate with a suction slot and an outlet opening allowing a suction airflow to exit the turbine chamber and first and second flow connections between the working chamber and the turbine chamber wherein one connection connects the working chamber with the turbine chamber and the other connection connects the working chamber with the outlet opening, bypassing the turbine chamber HOWEVER fails to disclose or fairly suggest both flow connections allowing the suction airflow to enter the turbine chamber and wherein one of the first and second flow connections is adjustable.

Conclusion

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Roschi et al. discloses a vacuum cleaning tool having a housing with a working chamber and a turbine chamber and two flow connections, one from the working chamber to the turbine chamber and one from the working chamber to and outlet of the turbine chamber.
